### FORM OF BEQUEST.

The laws of the different states vary so much as to testamentary bequests that it is always desirable to secure the services of a competent lawyer. all cases, however, where bequests are made to this Board, the corporate name should be used, as follows:

THE PRESBYTERIAN BOARD OF RELIEF FOR DISABLED MINISTERS, AND THE WIDOWS AND ORPHANS OF DECEASED MINISTERS.

### TABULAR STATEMENT

1.—Of the amounts paid into the Treasury from each Presbytery, with the amounts
they have drawn from the Treasury, not including the sum appropriated
to the House at Perth Amboy. (See page 19.)

2.—The number of Contributing and Non-Contributing Churches.

### Twenty-Fifth Annual Report

OF THE

### Board of Missions for Freedmen,

Of the Presbyterian Church in the United States
Of America.

To the General Assembly of the Presbyterian Church, From March 31st, 1889, to April 1st, 1890.

THE PRESBYTERIAN BOARD OF MISSIONS FOR FREEDMEN respectfully presents to the General Assembly its Twenty-Fifth Annual Report, and in doing so desire to record its gratitude to God for the prosperity with which He has been pleased to crown its work during the past year.

### REORGANIZATION OF THE BOARD.

The Board has been thoroughly reorganized during the year, which we trust will make each department of work more systematic and efficient. In the reorganization the Board felt it necessary that there be an Office Secretary and Treasurer elected, who, together with the duties of the Treasuryship, should have charge of the work of the office under the direction of the Office Committee. After mature deliberation the Board on the 15th of July elected to this office Rev. Joseph T. Gibson, of Sharpsburg, Pa., who accepted and entered on the duties of the office October 1st. Mr. Gibson has been in the office now six months, and the Board feels satisfied that it has made a wise choice in electing him to this position, his experience as Secretary of the Synodical Sustentation of the Synod of Pennsylvania giving him a valued preparation for the work of this office.

### A QUARTER-CENTURY'S WORK.

The ecclesiastical year just closed completes a quarter of a century of our work among the Freedmen. Twenty-five years ago the General Assembly gave this work its first consideration. The

smoke of the battle fields of the South had scarcely cleared away before some of its missionaries were on the ground, and with earnest hearts and hands had commenced a work which at that time and under existing circumstances was one of the most difficult and self-denying upon which a missionary could enter. Neither the Assembly nor the Church seemed to realize what a tremendous task they had undertaken. Difficulties and hindrances met us at every step, which, if related at this day, would seem almost incredible. But God was in the movement, and His constant favor rested upon it.

Twenty-five years ago we had not a church or school among the Freedmen, not one educated colored preacher or teacher. To-day finds us with 245 churches, 78 schools, 117 colored preachers and 133 colored teachers. These churches and schools are now reaching not less than half a million of the Freedmen with their elevating and Christianizing influences.

From 1870 to 1890 there were added to the colored churches under the Board 22,253 persons on profession of their faith, and 4,268 by certificate, making a total of 26,531. The reports for the first five years do not afford definite information on the points just referred to, but at the close of 1869 they report 5,634 members as belonging to the churches, so that during the twenty-five years just ended, not less than 32,165 persons have been brought into the churches under the Board.

October 4th, 1866, the first colored Presbytery, Catawba, was formed, having only two churches enrolled. Now we have two Synods: Atlantic, with six Presbyteries, and Catawba, with four. Looking back over this past quarter of a century we feel profoundly grateful to God that we have made a good start in the effort to evangelize the Freedmen.

'Yet the work is only begun. Lights have been enkindled, and they have burned brightly indeed, but they also reveal and define the darkness that "covers the land," and the "gross darkness" that covers the people.

THE WORK OF THE YEAR.

This has certainly been most gratifying and in some regards the most prosperous year in the Board's bistory. The receipts of the Board during the year, as will be seen from the Treasurer's report, amount to \$176,325.60, against \$134,450.88 from the same sources last year, a gain of \$41,874.72. It is gratifying to record

also that the Freedmen have given \$30,464.21 towards the support of their own churches and schools. Add to this the sum they have paid for scholarships in Scotia Seminary, \$4,961, Mary Allen Seminary, \$2,784, and other schools, we find they have given \$40,209.21 towards self-support. These last mentioned sums are not included in the receipts of the Board.

Nine new churches have been organized and a number of new preaching stations occupied. In the Carolinas our churches have suffered greatly by the emigration of many Negroes to the West. More than 40,000 have left these states for Mississippi, Arkansas, and Texas. In Georgia, the Empire State of the South, the work has been greatly strengthened and pushed forward. The colored population in this State is rapidly increasing, and numbers now probably not less than 900,000, and in no state, unless it be in Texas, are these people accumulating property so rapidly. Until recently we have accomplished but little here, but a number of carnest and energetic men have been put into this field, and now Knox Presbytery (which includes the entire state) is as able, earnest and aggressive as any in our Southern work. We may anticipate a marked advance by our Church in this state within the next few vears. The same promising outlook is afforded us in Arkansas, where many of our colored people from the Atlantic states are settling. A Presbytery, White River, was organized there a little over a year ago, and is earnestly pushing the work in that state, and we may now regard Arkansas as one of our most hopeful fields. Two new men have been put in the Indian Territory, and we have the most encouraging reports of their good work in the Choctaw Nation. The new Presbytery of Southern Virginia is doing good and efficient work, two additional ministers having been sent to that field during the year. The work in the entire field, as a whole, is healthy and growing. There were added to the Churches during the year 1,290 persons on profession of faith, and 272 by certificate.

### THE EDUCATIONAL WORK.

This is the right arm of our Church among the Freedmen, and is the hope of the race. It is an ominous fact that in the South illiteracy is steadily increasing. The colored people are multiplying more rapidly than the means of educating them. If all the children of the Freedmen of school age were to-day provided with

adequate school privileges, by the time your venerable body meets next year, there would be 255,500 children asking to be taught their letters, to whom we should have to say there are no schools for you. It is an encouraging fact, however, that in the regions where our schools, especially our seminaries and academies are established, illiteracy is steadily diminishing. Biddle University, Scotia and Mary Allen Seminaries, Brainerd Institute, and Wallingford and Haines Academics, and others of our schools, are making bright spaces in the surrounding gloom which are gradually growing brighter and larger every year.

The Parochial School is a necessity in building up our Church work. In every instance where such a school has been established, whether in city or country, it has proved a most efficient aid in drawing attention to the work, and making friends for it. The colored people as a rule prize education, and they love the Church that gives it to them. These schools should be multiplied, and as far as our funds would allow, it has been the policy of the Board to do so.

Industrial training is now made a special feature in all our Seminaries and Academies. It has been introduced in Biddle University during the past year with marked success. In Scotia and Mary Allen Seminaries it has been carried on most prosperously. At Brainerd Institute nearly every new building needed for the institution for the last three or four years has been put up by the students. A large three-story dormitory just at this time is being completed by the students there, and done in workmanlike manner. At the time of our last report several school buildings were being erected. The buildings at Carthage, N. C., Abbeyville and Aiken, S. C., and Rogersville, Tenn., are all occupied and so far completed that a little further effort will finish them. The handsome building for Haines Memorial School, at Augusta, Ga., is nearly completed, and will be ready for the fall session. A large proportion of the sum to erect this building was the generous gift from the estate of the late Thompson Bell, of Pittsburg, Pa. A good substantial building for our Academy at Cotton Plant, Arkansas, has been completed and furnished during the year, and is now occupied by 200 pupils. This has been done almost entirely by the ladies of Illinois.

At Mary Allen Seminary, Crockett, Texas, an additional hall has been erected, and will be ready for occupancy by the opening

of the fall term. This hall is a beautiful addition to the Seminary costing \$16,000, and the generous gift of Hon. James McMillan, United States Senator from Michigan. It was a necessity also, as more than one hundred girls were denied entrance to the Seminary last fall for the want of room. At Pine Bluff, Arkansas, a school building has been completed, and is now occupied by more than 200 scholars. The school work at Aiken, S. C., heretofore under the care of Rev. W. R. Coles, has been put entirely under the control of the Board, and the entire property, valued at over \$4,000, transferred by deed to the Board. This property was secured through the gifts of a number of northern friends who became interested in Mr. Coles' work, and with some aid from the Board. In consideration of the payment by the Board of a debt of \$1,000 remaining on the buildings, the entire property, consisting of a neat church building, two large and substantial school buildings and a small dwelling house, has been transferred to the Board.

The educational work in the Indian Territory is progressing hopefully, and could have been greatly enlarged and extended had the necessary funds been at our command. The schools at Atoka, Caddo, Wheelock and other points have done good work. At Oak Hill, the central point of our school work, a new building has been erected and paid for at a cost of \$1,800. This building was greatly needed, and we may anticipate an enlarged and efficient work to be done at Oak Hill Industrial School.

The Board would emphasize the importance of its educational work—it is the strength and glory of our work among the Freedmen. In all our schools the Gospel and the Shorter Catechism are studied, and the students are taught that the fear of the Lord is the beginning of wisdom, and that consequently the separation between religion and morality, which is the supreme danger of the Southern black churches, is guarded against.

We have sustained in the field during the year 316 missionaries, of whom 252 are colored, an increase of 26 over last year. The following table will show the work of the year in detail:

### MISSIONARIES.

| Ordained ministers | vhite | , 16; | colored | ,117 |
|--------------------|-------|-------|---------|------|
| Licentiates,       | 44    | 0;    | "       | 2    |

The Board, in carrying on its work throughout its extended field, has received valuable aid from our Field Superintendent, Rev. H. N. Payne. The duty of this field agent is to visit personally and frequently as possible, every portion of the work east of the Mississippi River, to study the peculiarities of the different missions, their relative importance, their advantages, disadvantages and prospects, and report upon these things to the Board. He is expected to have close and sympathetic relations with the missionaries, whether ministers or teachers, to counsel, encourage and cheer them in their work. He is expected also to attend, as far as possible, the Presbyteries and Synods in the region in which his work lies. In prosecuting this work, Mr. Payne has, during the year, traveled 12,600 miles, visited 65 churches and 30 schools; has attended the meetings of 10 Presbyteries and 2 Synods; preached 57 sermons and given 44 addresses, and by frequent letters has kept clearly before the Board the condition and needs of the field.

### WORK OF THE WOMEN.

There has been an encouraging increase of interest and receipts in the work of the women, as will be seen from the following report from the Women's Department:

### SIXTH ANNUAL REPORT OF WOMEN'S DEPART-MENT.

In presenting the sixth annual report of the Freedmen's department, we would acknowledge with gratitude, that by the blessing of God upon our feeble efforts, the work has steadily advanced. More societies have contributed to this cause than ever before, and we are much better prepared for effective work. A large number of Presbyterial Societies now have Secretaries for the work among Freedmen. These Secretaries are earnest, Christian women, who feel the peculiar obligation resting upon us for the welfare of the Negro. It is to their efforts under God that the prosperity of this department is largely due. We hope in time to have such a secretary in every Synodical, Presbyterial and local society.

The contributions through the Woman's Executive Committee of Home Missions this year were \$26,117.87, an advance of \$3,564.52. Beside this the Treasurer of the Board of Missions for Freedmen has received direct from women's societies and bands \$3,182.17.

Miss Holmes, of Illinois, raised \$774.14 for painting and furnishing the new buildings at Cotton Plant, Ark., and Oak Hill, Indian Territory, which, under the pressing needs of those institutions at the time, she was authorized to use without sending through the usual channels. The total amount contributed by women's societies and bands is \$30,074.18. Perhaps it would be well here to state that a number of societies and individuals have always sent their scholarships direct to the schools aided, and these sums have not been included in the reports made.

The box work has greatly increased. From the partial reports received we find that 140 boxes and barrels have been sent, valued at \$6,879.29, and many more of which no value was given.

No new methods have been used during the year, unless it be the employment of Miss Hartford, of Steubenville, for three months to visit societies and diffuse information in regard to our work. The experiment, we think, was quite successful.

Ninety-two full scholarships and eighty-two partial ones have been sent through the Woman's Executive Committee to twelve schools. Aid has been given in building or repairing 18 houses for school purposes. The salaries of 30 teachers have been paid in full or in part.

We cannot report any new work this year, but have endeavored to develop that already established. The Industrial School at Louisville, Ky., to which reference was made in last year's report, has been greatly enlarged and their methods have proved highly satisfactory. Feeling, however, the inconvenience of sending the money raised in the city for this work first to New York and then to Pittsburgh, they decided to work independently in this respect. Their most interesting report will be printed, in the hope that women of other cities, where there is a large Negro population, may follow their example.

We are glad to say that the small debt resting upon Cotton Plant has been entirely cancelled by the women of Illinois, who have also furnished the house and paid the salaries of two teachers. This school has had a valuable donation of land from the Y. P. C. E., of Carrollton, Ill.

The school building that was so greatly needed at Oak Hill, Indian Territory, has been erected, furnished and is now occupied.

The Haines Normal and Industrial School at Augusta, Ga., is also about completed.

At Gainesville, Florida, a house for our school has been built, and is now in use, the money having been furnished by a generous lady in New Jersey.

Of the work contemplated at the beginning of the year all has been provided for with the exception of the building at Burkville, Va. We are still far short of the amount necessary for the building. We own the land, and there is now in the treasury \$4,087.78 for the building. While our hearts rejoice in what has been accomplished, we feel humbled when we think of the unimproved opportunities.

God has again come very near to us this year, and from our midst has taken one whose youth, energy, acquirements, and devotion to her Master's service seemed to fit for a long life of usefulness here. Mrs. Lora Shields Miller is not, for God has taken her.

The year has closed; the record of disappointments and success, of trials and of joys, of short-comings, and restless longings have

been made. Hitherto the Lord has helped us, and with firm reliance upon Him we enter upon the new year resolved to do what we can to advance His cause.

MRS. C. E. COULTER, General Secretary.

The Board has had the painful duty of recording the death of two of its members during the year, Mr. John F. Loy, an elder of Second Church of this city, who was a member of the Board since 1885, who died on May 8th, 1889. Mr. Loy was seldom absent from a meeting of the Board, although burdened with the infirmities of age. The other death was that of Rev. W. C. Burchard, who died May 23d, 1889. Prudent and sagacious, thoughtful in counsel and yet aggressive in plan, Mr. Burchard was a valuable member of the Board, prompt and faithful in attendance even when failing health made effort wearisome.

The term of service of the following members of the Board expires with the present Assembly:

REV. S. J. FISHER.

JOHN C. McCOMBS, Esq.

REV. JOHN FOX.

ROBERT S. DAVIS.

REV. J. P. E. KUMLER, D. D.

Respectfully submitted on behalf of the Board. E. P. COWAN.

R. H. ALLEN,

President.

Corresponding Secretary.

### TREASURER'S REPORT.

In submitting his annual report, the Treasurer very respectfully ealls attention to the following facts in explanation of his report:

1st. Under the heading "Directs" is included only money reported by ministers and teachers in the employ of the Board as sent directly to them to be used in work that the Board has approved.

2d. Having begun the year by making a distinct record of all the money that came to the Treasurer from the Woman's Executive Committee, of the Home Board, it was thought best to continue it; but it does not give the exact amount contributed by the women's societies, for the reason that, on the one hand, it sometimes includes money contributed by Sabbath schools, and on the other hand, it excludes money sent by women's societies directly to the Treasurer of the Board, and not by way of New York.

3d. The amount sent directly to the field this year was \$7,145.60 less than last year, while the amount that passed through the hands of the Treasurer was \$49,020.32, more than last year. Of this excess, over last year's contributions, \$28,160.49 came from legacies; \$3,564.72 came from the Woman's Executive Committee, and \$17,295.11 came from churches and individuals.

The Board has on hand, as a balance, \$1,535.66 more than last year, with \$8,000.00 of a reduction in notes outstanding, with \$25,000.00 of an increase in invested funds, and with about \$30,000.00 of an increase in value of real estate.

In addition to notes outstanding the Board has indebtedness in the form of special contributions not yet remitted, and grants made to institutions, due, and not yet paid, amounting to \$9,371.68, and permanent funds, uninvested, amounting to \$600.00.

The report does not include the sum of \$40,209.21 reported to us by ministers and teachers as contributed by the Freedmen for self-support of schools and churches.

Auditors. We, the undersigned, have examined the foregoing accounts and find them correct. B. S. DAVIS. S. BENGE, Pa., April 1st, 1890. PITTSBURGH, PA., April 1st, 1890.

J. T. GIBSON, Treusurer.
DAVIS.
Auditors.

Rev. E. D. Morris, D. D., presented the report of the Standing Committee on Freedmen and the following recommendations were adopted:

In accordance with a request from the Board, we recommend that, in cases where there is a surplus of money for scholarships or for other specific purposes at any particular institution supported by the Board, the Board shall be authorized to use the said surplus for the specified purpose at other and needier points, wherever this can be done with the consent of the donors, or without violating any of the terms or conditions on which their gifts were originally made. In cases where this cannot be done with propriety, the Board is directed to hold and keep such moneys in reserve for future needs, the income to be expended meanwhile from year to year, at any point, for the particular purpose specified in the original gift.

The Board also desires permission to recommend to the Presbyteries containing churches under its care, that all applications made to these Presbyteries for aid from the Board shall be voted upon by ballot. As this is substantially the rule approved by the General Assembly, in the case of applications for aid from the Board of Home Missions, and generally observed by our Presbyteries in that connection, we recommend that this permission be granted.

The term of service of the following members of the Board expires at this time, namely: Ministers—S. J. Fisher, John Fox, J. P. E. Kumler, D. D.; Elders—John C. McCombs and Robert S. Davis. Two members of the Board have been removed by death during the past year—Mr. John F. Loy and Rev. W. C. Burchard. We recommend that the five brethren whose term of service now expires be appointed again for the period of three years; and that Elder T. A. Parke be appointed to fill the place of Mr. Loy in the class of 1891, and Rev. D. S. Kennedy to fill the place of Rev. Mr. Burchard in the class of 1892.

In behalf of the Committee.

# MISSIONS AND MISSIONARIES IN THE YEAR ENDING MARCH 31, 1890.

All the Schools reported below are under the entire control of the Board. Teachers marked with S, receive aid from the Slater fund; those marked f, receive their entire salary from Public School fund; and those marked f, receive their support from the tuition of the School.
